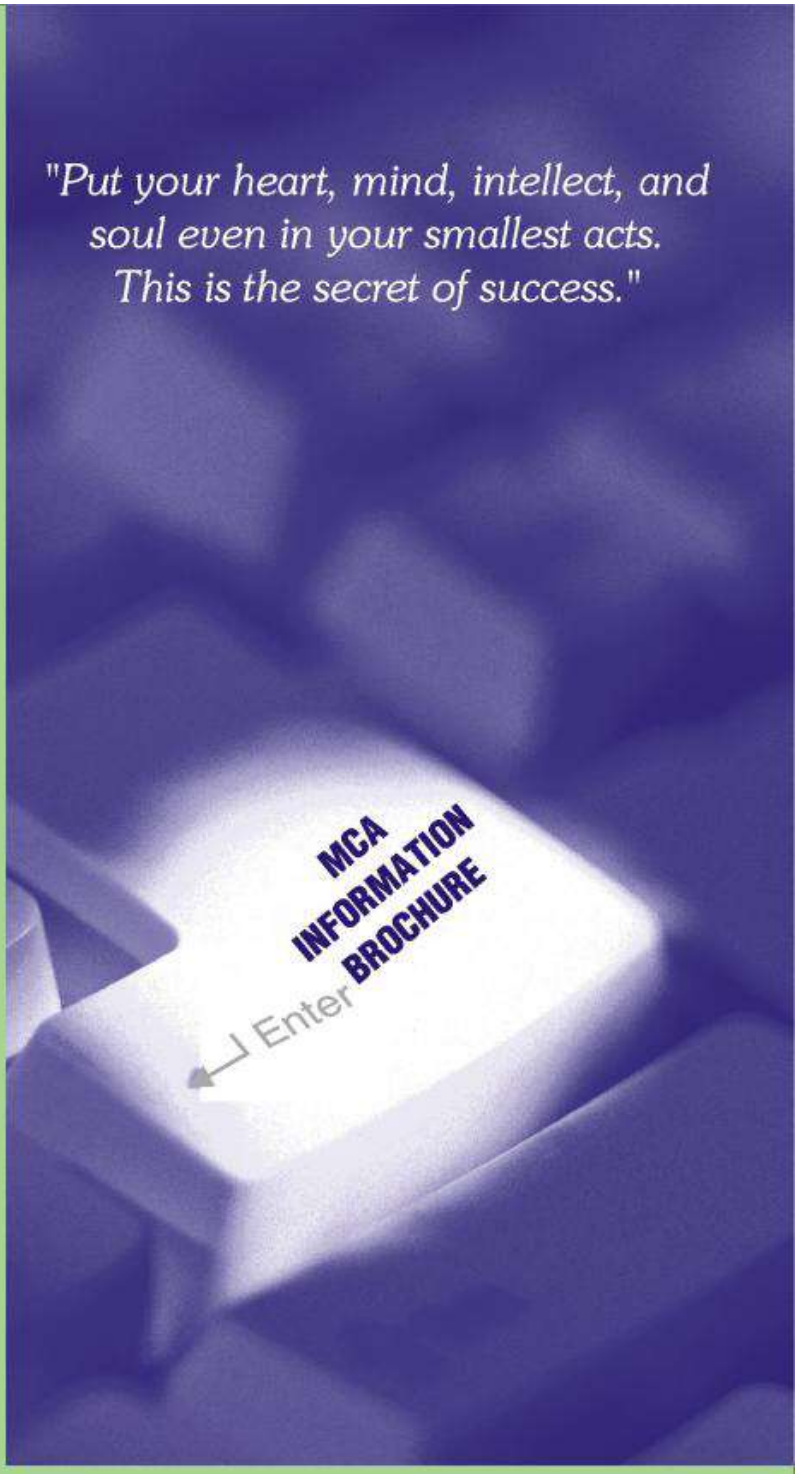
"Put your heart, mind, intellect, and soul even in your smallest acts. This is the secret of success."



BHARATI VIDYAPEETH'S INSTITUTE OF COMPUTER APPLICATIONS & MANAGEMENT

(Affiliated to Guru Gobind Singh Indraprastha University, Approved by AICTE, New Delhi)

Social Transformation Through Dynamic Education

From The Founder's Desk...

(Hon'ble Dr. Patangrao Kadam)
M.A., L.L.B., Ph.D.
Founder - Bharati Vidyapeeth, Pune
Chancellor - Bharati Vidyapeeth Deemed University, Pune
Minister for Co-operation, Rehabilitation and
Relief Work, Govt. of Maharashtra

The foundation of the Bharati Vidyapeeth, parent body of our Institute, was laid, precisely, 4 decades ago. Since then, it is working ceaselessly over the years withstanding all adversities. Bharati Vidyapeeth is not only spread all over Maharashtra, but also in the national capital, New Delhi.

The idea behind establishing this educational institution was to achieve social transformation by taking the state of art education to the masses and thereby making them worthy citizens of India. To achieve this aim, special care has been taken to build up a strong infrastructure with healthy atmosphere, laboratories with modern equipment and libraries with up-to-date literature. Dedicated and well-experienced staff takes care of the all-round development of the students.

Today, with a deep sense of satisfaction, we acknowledge the fulfillment of our dream when we see the alumni of this alma-matter occupying high-ranking positions in different fields. We strive to make our Institute as one of the leading learning centres in the country offering the MCA Programme.

With Best Wishes,

(Dr. Patangrao Kadam)

Golden Words From Secretary's Desk...

(Dr. Shivajirao Kadam)
M.Sc., Ph.D.
Secretary - Bharati Vidyapeeth, Pune.
Pro-Vice Chancellor - Bharati Vidyapeeth
Deemed University, Pune.

I, on behalf of Bharati Vidyapeeth, Pune, wish all our students of Bharati Vidyapeeth's Institute of Computer Applications and Management (BVICAM), New Delhi, a very challenging and successful career. We make sure that with all the necessary inputs provided to them by the experienced and qualified faculty with an excellent infrastructural and instructional facilities, they will definitely be an asset to any organization.

We, at Bharati Vidyapeeth, have always felt it as our moral duty to produce responsible and Total Quality Professionals, who can successfully face the challenges of the ever-changing global scenario. Bharati Vidyapeeth with its four decades of expertise in the educational field has the richness and depth found at larger E-Schools, with personal attention given to all the students.

We, therefore, make an appeal to your venerated organization to give an opportunity to our students of BVICAM, New Delhi, to prove their skills and abilities to the optimal level.

With Warm Wishes,

(Dr. Shivajirao Kadam)

From Director's Desk...

(Prof. M. N. Hoda)
MCA, Ph.D., LMCSI, MIETE
Director, BVICAM, New Delhi.

Dear Corporates,

With the evolution of new millennium, I put forth before you the profile of our prospective professionals who are dynamic, committed & self motivated and strive to see no stones unturned to meet the rapidly changing global challenges of IT world in the 21st Century.

The MCA programme at BVICAM is a right blend of both academic and professional learning. The students undergo through rigorous academic work complimented by intensive project work, industrial exposures and value added workshops/seminars. In fact, value addition lies at the core of our teaching curriculum and it is timely updated with regular feedback from the industry and compared with the curriculum of leading national and international level institutions to retain the edge in the academics. Both academicians and corporates have appreciated our faculty development and quality improvement workshops. At BVICAM, education is considered as the instrument of social change, which is our hallmark. We not only teach students to be Total Quality Professionals but also to be socially responsible and accountable citizens.

We take this opportunity to invite your esteemed organization to interact with the students and participate in our campus recruitment process for our final year MCA students and thereby provide them with ample opportunities. We assure you the right match for your talent search at our campus.

The following pages will help you to sail ahead towards the destiny of knowledge... Knowledge entrapped with values for ability to create, judge, imagine and build relationship with us. With

With Regards,

(Prof. M. N. Hoda)

Did U Know?

BHARATI VIDYAPEETH

Bharati Vidyapeeth, which is the parent body of BVICAM, is one of the largest networks of educational institutions in the country. It was established by Dr. Patangrao Kadam in 1964 in Pune, with a focused objective of bringing about intellectual awakening of people around, and to prepare manpower capable to contribute effectively towards national development, particularly economic development. Under his visionary and dynamic leadership, Bharati Vidyapeeth expanded so rapidly that it, now, has 147 educational institutions of various kinds.

Its major campuses are located in New Delhi, Navi Mumbai, Pune, Kolhapur, Sangli, Solapur, Jawhar and few other places with modern infrastructural facilities. It is gratifying to note that more than half a million students are enrolled in our institutions every year. The number of teachers and professionals working in our institutions exceeds ten thousand.

Bharati Vidyapeeth runs primary and secondary schools, colleges and institutions of liberal and professional education. Amongst them are Arts, Science and Commerce colleges, as well as colleges of Medicine, Dentistry, Ayurved, Homoeopathy, Nursing, Engineering, Architecture, Pharmacy, Management Education, Hotel Management and Catering Technology, Law, Social Work etc.. In brief, Bharati Vidyapeeth has institutions in almost all fields of knowledge. Besides, it has six research institutes in which research work is being carried out in such diversified areas as Stem Cell, Animal and Plant Tissue Culture, Applied Chemistry, Pharmaceutical Sciences, Environmental Issues, Social Sciences and Humanities etc..

The success story of Bharati Vidyapeeth is unique, having very few parallels. It was a moment of glory when the Government of India, in appreciation of the academic excellence of these institutions, bestowed us the status of Deemed University, initially on a cluster of twelve institutions of Bharati Vidyapeeth on **26th April, 1996.** Later on, five more institutions were added to it. ***Recently, seven Management Institutions across the country have also been added as the constituent units of Bharati Vidyapeeth Deemed University, Pune.***

ABOUT THE INSTITUTE

"Bharati Vidyapeeth's Institute of Computer Applications and Management (BVICAM)", New Delhi is one of such 147 institutions of Bharati Vidyapeeth, Pune. Keeping its vision clear and mission at fore, the institute has started Master of Computer Applications (MCA) programme with effect from the academic year 2002-03 as a part of Bharati Vidyapeeth family in New Delhi, the national capital. The Institute is affiliated to Guru Gobind Singh Indraprastha University (GGSIPU), Kashmere Gate, Delhi-6. Approval has been accorded by All India Council for Technical Education (AICTE), Ministry of HRD, Govt. of India.

The New Delhi branch is centrally located at National Highway No. 10, Rohtak Road, A-4, Paschim Vihar, New Delhi, in its own state of the art sprawling campus. It is well poised with spacious parking areas with an excellent surrounding striving for a pollution free and healthy environment and incorporates amenities like Conference Hall, Auditorium, Amphitheatre, ultra modern Computer Centre, well stocked Library, Students' Hostel, In-house Banking facility, Indoor and Outdoor games facility, aesthetically designed Canteen in an open-air ambience, etc.

THE INFRASTRUCTURE

Bharati Vidyapeeth is known for its state of the art educational campuses across the country. Using this experience, excellent Infrastructural and Instructional facilities, comparable to the best in the world, have been created for the students.

THE COMPUTER RESOURCE CENTRE

BVICAM has the ultra modern **"Computer Resource Centre"** with excellent interior design, consisting of 150 computer systems equipped with all the latest and relevant hardware and softwares as required for the course curriculum from time to time. Adequate number of Printers including Laser are installed for providing add-on services.

The Centre has live multi-user communication environment based on the three-tier Client-Server Network Architecture. All PCs are connected through On-line UPS, which, in turn, is supported by heavy-duty central generator of the Institute, for long backup, in case of power failure.

As a gateway to Information Superhighway, the Institute has a dedicated **"Internet Resource Centre"** using high bandwidth radio link connectivity for the faculty as well as students.

In order to make the efficient use of the above resources; the laboratories are kept open for minimum 14 hours daily. Students are encouraged to take up project work related to professional software development in collaboration with the Industries and the Corporate Houses.

THE LIBRARY

To inform, inspire, recreate and develop its users intellectually, the Library maintains a collection of General Books, Text Books, Reference Books, Book Bank facility, Indian / Foreign Periodicals / Journals / Magazines, Digital Library, Collection of selected Project Reports and Surveys.

It has more than 1000 titles (Reference + Text books + General Books) and 8000 volumes in all. The library subscribes to more than 70 National and International journals/periodicals related to Software Development, Networking, Operating Systems, Internet Technologies, Telecommunications and

"I have always imagined that Paradise will be a kind of library."
-Jorge Luis Borges

Information Security, besides having a digital access to more than 2000 Journals / Periodicals through INDEST. The library also subscribes to most of the popular computer magazines. Additionally, it has a strong collection of autobiographies, biographies and titles related to all round Personality Development.

The Library is fully automated with Bar Coding facility for a user-friendly access environment.

THE FACULTY

Just as the vital life energy animates our bodies, so does the BVICAM's mentors breaths life into the curriculum. The Institute has a dedicated team of qualified, experienced and students' caring faculty members. To supplement them further, senior *Academicians* and *Corporates* are invited regularly as visiting / guest faculty members. They help students to explore their potential for all round personality development and guide them in proper direction for facing the futuristic challenges of the contemporary IT world.

"Good Teaching is more a giving of right questions than a giving of right answers"
-Anonymous

BVICAM'S PEDAGOGY:

At BVICAM, the theory is directly linked to the corporate experience. Students centered lecture sessions are integrated with a greater emphasis on presentations, case studies, workshops, laboratory work, seminars, tutorials, and role-plays. We believe in collective participation of Staff, Students, Parents and Industry for developing the Institute and tailoring the teaching-learning process inline to industry expectations. Structured Learning Manual is at the core of our thoughtfully designed Teaching Learning process.

At BVICAM, learning through practice is the basic approach, and winning is an attitude. We not only take care of IQ but also focus on EQ. Invited Talks, Live Projects, Summer Training, Final Dissertation, etc. help students in getting an in-depth understanding of Corporates' Business Process Engineering.

THE AUDITORIUM

BVICAM gets students from different parts of the Country. They bring with them the colorful facets of their culture. To shape and nurture them, we have an ***ultra modern*** centrally air-conditioned Auditorium equipped with the latest and modern ***AV systems***. It helps to develop the talent of our students and extend the understanding and appreciation of quality arts to multi-facets.

HOSTEL ACCOMMODATION

The twin sharing girls' hostel within the campus offers an independent life style, which provides privacy and each student with a family atmosphere of companionship. The hostel is augmented with proper food facilities, common T.V. room, other indoor games and adequate medical aid to students as and when required.

OTHER AMENITIES

Institute has a Guest House having four double rooms with necessary amenities. The Institute already has its Cafeteria, Students Welfare Centre and Gymnasium for exclusive use of the students. It also has a play ground spread over more than three acres equipped with various facilities for sports activities. An in-house banking facility, too, is provided.

Learning to Learn

Theoretical knowledge is more effective when combined, appropriately, with practical learning. So, the study plans at BVICAM contain a practical element. Also, each technical area is specifically designed to be a close replica of its respective professional environment. Thus, making the transition from university to first professional position is a much easier process. The components of our learning methodology are :

- Interactive classroom sessions
- Hands on experience on advanced technologies and tools in labs
- Supervised work experience

A Personalized Approach

BVICAM offers a personalized approach to identify and overcome the shortcomings and spruce the strengths of all its students through regular counseling and other related measures.

Regular Mock Sessions are conducted with the help of experts and Industry professionals to understand the Parameter based individual score card and required improvement is suggested.

Excellence Inspires. Experience it !!!

We strongly believe that the best source of inspiration is to see efforts being rewarded adequately. At BVICAM, excellence, be it in any field, is aptly recognized and appreciated so that it can inspire the witnesses to get a taste of the experience themselves.

Multi-dimensional talent forums contributes in collaborative learning and helps in peer evaluation.

Perseverance

Success, at the first attempt is more likely to be a case of chance then effort. The belief that BVICAM culture instills is that if you decide to achieve a goal, whether the result will be success or failure, depends upon how much pluck and perseverance that word "decide" contains. Thus, the students are trained to setup a not too realistic goal and put persistent efforts into the process of realizing it.

We also practice the pray, "Keep me humble-when I succeed, and Keep my faith-when I fail."

Thinking Beyond the realm

We believe that the professionals must be socially responsible besides their professional competency.

"Grow or Die", goes the old economic maxim. BVICAM encourages looking beyond the horizon, so as to confront the global collapse and envision a sustainable future. Technical, cultural and spiritual growth of our students is ensured by means of regular workshops and seminars conducted by leading industrialists, scientists, academicians, spiritual leaders, artists, Kavi Sammelan... and the list goes on...

Academic Programme @ Bvicam

IT revolution has been the most significant revolution after Industrial revolution. IT has not only revolutionized our work place, but has also eliminated the barriers of time and distance. Advances in chip technologies and communication media have increased the speed and bandwidth for communication, at the same time reducing its size and cost significantly. IT has made a huge difference to the way we live and communicate. ***IT is the new mantra of the new age.***

Realizing the need for preparing the budding professionals to face new challenges in the IT influenced world order, special courses have been designed, developed and perfected by teaching organizations backed by the Statutory Councils. Master of Computer Applications (MCA) is one of such courses, which is found to be very popular among those who want to pursue IT Profession at advanced level.

MCA 'with a prerequisite of a basic degree and mathematics background' provides the maturity and logical thinking capacity. The bias of the curriculum towards Industry applications reduces the preparation time required for an MCA degree holder to become productive in an industry.

Research has revealed that MCA degree holders are among the most successful IT professionals within the country and abroad. Their ability to understand user needs and to convert them into applications has reduced the life cycle of development and implementation of applications.

BVICAM, backed by the rich experience of imparting Computer Science & Engineering education nearly three decades, from now, takes pride in offering **MCA Programme** under affiliation with Guru Gobind Singh Indraprastha University (GGSIPU), Delhi.

THE ELIGIBILITY FOR ADMISSION

The candidate should have passed Bachelor degree examination with at least **50%** marks in aggregate and Mathematics & English as compulsory papers at **+2** level. However, **5%** concession in the requirement of marks is applicable to the students of reserved categories belonging to the **SC/ST** and wards of **defence personnel** as specified by the GGSIP University. *Admission is carried out on the basis of rank obtained in CET, conducted by Guru Gobind Singh Indraprastha University (GGSIPU),* Delhi.

MCA Course Architecture

Proficient

6 Total Quality Professionalism is apparent

Project / Dissertation, Seminar

BVICAM

Beyond The Books...

VALUE ADDED WORKSHOPS AND SEMINARS...

Workshops and Seminars not only present the students an insight of the industry, but also provide with the necessary inputs to enable them to churn out professionals. Activities like Faculty Development Programmes (FDPs) and Management Development Programmes (MDPs) are a regular feature at BVICAM. The Institute has conducted many FDPs and MDPs on the areas like SEI-CMM, ISO 9000, Networking, Embedded Systems, Information Security, etc. in which faculty members from Institutions across the country have participated, including the corporate delegates from reputed business houses. Additionally, Workshops, Seminars and Invited Talks are regularly being organized exclusively for students to enhance both Technical as well as Soft Skills. This also helps in strengthening the Industry-Institute relationship.

Following are a few such programmes:

- "Network Security and Ethical Hacking" National Level Executive Development Programme by Mr. Ankit Fadia.
- "Building Enterprise Solutions Using J2EE"- Five days National Level Quality Improvement Workshop by Mr. Yashavant Kanetkar.
- "Unleash the Power of Data Mining" - State Level Quality Improvement Programme by Dr. S. K. Gupta, IIT, Delhi, Dr. K. K. Choudhary, IIT, Delhi and Anuj Khare, Chairman, XIRS Ventures Inc.

- "Programming Excellence Through C" - Three days National Level Quality Improvement Workshop by Mr. Yashavant Kanetkar.
- "Corporate Turbulence" Talk by Mr. G. P. Rao, VP, JK Tyres.
- "Effective Information Security Management" - Two days National Level Executive Development Programme.
- "Best Practices in S/W Quality Engineering" - Two days National Level Quality Improvement Programme.

- "Improving S/W Processes Through SEI-CMM" - Two Days National Level Faculty Development Workshop (FDW).
- "Winners Don't Do Different Things, They Do Things Differently" Talk by Mr. Shiv Khera.
- "ISO for Educational Institutions" - Two days National Level Management Development Programme (MDP).
- "Unleash the Power of project Management"- One day symposium as a part of Competency Development Programme in collaboration with Project Management Institute (PMI), Pearl City, Chapter Hyderabad.

- "Success that Succeeds" One day Transformational Seminar as a part of Personality Development Programme by Dr. V. K. Chopra.
- "Personality Development"- One day workshop as a part of Competency Development Programme in collaboration with Career Launcher.

- "Knowledge Transformation using Visual Basic 6.0"- Two days workshop by Mr. Ravi Bansal, Sr. Project Manager, Momentum India Ltd.
- "Operating System Implementations"- Two days Training Programme by Dr. Anurag Mishra.
- "Advanced RDBMS & ORDBMS using Oracle 9i"- Two days workshop by Oracle Certified Professionals from CDAC, Noida.

- "Embedded Systems"- One month Training Programme in collaboration with Micromax Ltd.
- "07 Keys to Prosperity and Success"- One day Transformational Seminar by the leading Motivator and Consultant, Shri. Rajesh Aggarwal.
- "Recent Trends in IT" One day National Level Seminar organized in collaboration with CSI Delhi Chapter, Delhi.

Beyond The Books...

Life outside the classroom

Recharge Your Batteries...

"All work and no play makes Jack a dull boy."

Academics are definitely a top most priority @ BVICAM. But, at BVICAM thrust is always to develop a work-environment that is akin to corporate culture. The objective of this endeavor is to harness the creative ideas of the young minds to the fullest, developing team spirit amongst them and improving their "'Soft-Skills".

Highlights of some of the activities which have been organized from time to time are as under:

FUN ZONE

- Our Students have participated in various National Level Co-curricular and Extra Curricular Activities at DIAS, JIMS, BDCIIT, GGSIPU, BVIMR, BVCOE, Jamia Hamdard, Andhra University, PMI, PCC, Hyderabad, etc. and have won more than 60 prizes.
- To imbibe literacy and social interest amongst the students, Annual Fests have been organized, in which besides Technical and Cultural activities, Kavi Sammelan remains special attraction.
- Dramatics and Music...Students have done amazingly well in the Inter University and College festivals. Their performances have been appreciated from all corners and have bagged several prizes.

SOCIAL ACTIVITIES

- SWAYAM (Students Working at Youth Awareness and Motivation): This organization is voluntarily formed by our students working towards the social cause. The first achievement was the successful organization of "Free Literacy Week" within the Institute premises. It was heartening to see students persuading the children of Government schools to join the workshop and subsequently taking on the challenge of teaching them the basics of computers. Hands on training to them was given on Computer Concepts, DOS, Windows, MSOFFICE, INTERNET, etc. SWAYAM'S future endeavor includes working on "Save Environment".
- Blood donation camp is organized regularly.

INTERPERSONAL SKILLS

- In order to provide live exposure of the Industrial practices, Industrial visits are organized regularly.
- Regularly, on every Saturday, activities like Technical Paper Presentation, Extempore, Creative Writing, Group Discussions, Quizzes, Software Case Studies and its Design are being organized, to bring all round personality development of students.
- Regular aptitude and analytical tests are conducted in the Institute for enhancing the IQ as well as EQ of the students. It helps them in the recruitment process.
- Due care is given on overall Personality Development and Attitude Building.

SOFTWARE DEVELOPMENT AND CONSULTANCY CENTRE

Institute has a dedicated "Software Development & Consultancy Centre" (SDCC). At SDCC, students under the guidance of faculty members undertake live projects based on S/W development, MIS Design, Consultancy, etc. in consultation with the industry. Numerous Software development and consultancy based live projects outsourced by different business houses have already been developed & delivered and many are in pipeline. The Centre also undertakes customized and need based training programmes for employees of different corporate establishments/Institutes in their specific area of specialization at different levels. The Centre has certification tie-up with Microsoft, Oracle, Sun Systems, RedHat & CISCO for training and certification on their specialized modules.

ACHIEVEMENTS OF THE INSTITUTE

"All achievements, all earned riches, have their beginning in an idea."
-Napoleon Hill

It was a moment of glory when the students of our Institute were honored with Mementos & Gold Medals (2nd Prize) at Indian School of Business (ISB), Hyderabad, for their brilliant performance in Project Management Planning Competition, a National level Students' Competency Development Programme conducted by Project Management Institute (PMI), Pearl City Chapter, Hyderabad. In addition to this, ***our Institute also bagged 5th and 7th positions out of a total of 13 selected teams from all the over the country.*** This gala event was covered by most of the national dailies.

The Institute has obtained the Institutional Membership of Computer Society of India (CSI). The Institute has also established its CSI Students' Chapter.

Six Research Papers written by students were selected at National Level Technical Paper Contest, "Technograil 2005", organized by University College of Engineering, Andhra University, Vishakhapatnam.

The Institute has distinguished itself in academic achievements. We are at foremost place in the toppers of GGSIP University, including the pinnacle ranks. As per the figures, 86% students are with distinctions and 14 % students secured between 70%-75%. ***We are 100% first divisioners bonanza.***

"Success is where preparation and opportunity meet."
-Anonymous

TRAINING AND PLACEMENT CELL

The Institute has a well-established Training and Placement Cell, which facilitates the students in their career development. It provides the necessary guidelines to the students to decide the career paths by counseling, guiding, motivating and mentoring them. The Placement Cell is headed by the full time Training and Placement Officer having rich corporate experience and supported by a team of other faculty and student members as Training and Placement Committee. Keeping its objective of "defining the career of every student", the Placement Cell is actively involved in the activities like; Training students on Recent Technical Trends and Corporate Soft Skills, Building relationships with corporates, Industrial Visits, Guest lectures, Alumni interaction, Feedback Collection, organizing customized and tailor-made programmes for Corporates, etc.

Normally, the placement programme commences during August-September every year. Organizations are requested to schedule their recruitment efforts during this time with the full support of Placement Cell of the Institute. If, for some reasons, an organization is unable to schedule their recruitment and selection activities during these placement weeks of the Institute, alternate slots are made available to the organizations as per mutual convenience. Placement Cell renders all possible services to the organizations for the smooth conduct of selection and recruitment activities; pre-placement talks, written tests, group discussions and interviews.

Attached with the brochure are separate form for organizations to communicate their interest in participating in Institute's placement programme and their requirement. Organizations can also communicate their requirements to the Placement Cell telephonically or by e-mail.

The demand for BVICAM graduates has always been very high and almost all the student get job through Campus Interviews much before they take up their final examination. Organizations like; TCS, Flextronics, HCL Technologies, Satyam Infoway, Quark, DCM, MBT, IFS, g-Cube, Nagarro, Parsec Technologies, Induslogic, Interra, Newgen, Libsys, etc., to name a few, have been visiting the Institute for in-campus interviews.
